

CHAMP GONE

You Don't See Him in The Window Any More.

R. E. Cooper & Co., have moved their general offices from the Main street building to a newly erected brick building convenient to their loose floor warehouse on Water street.

Thil change removes from Main street one of its most familiar objects of interest, the polished dome of thought of Col. Green H. Champ-lin, head book keeper for the firm. His place by the big plate glass window, occupied every day and far into the nights for many years, will now know him no more. Smiled at by the men, admired by the ladies and looked at by everybody he has been where the public could gaze upon his ample proportions for so long, that it is a positive hardship that he is to be removed to a back street. But the firm couldn't run without Champ and he had to go with his books.

Good-Night Corns,
Good-Boy "Gets-It"

New-Plan Corn Remedy That Never Fails. The Simple, Common Sense Way.

You poor corn-limbers, with corns, blisters and heart pains! Sit down right and put a few drops of "Gets-It," the simplest corn remedy in the world, on your corns. You can apply it in just a

"Gets-It" Ends Corn Pains. It's Sure and Safe, too!"

few seconds, without fuss or trouble. What's the use applying ointments that make toes raw and sore, that make corns swell, bandages that make it misery to walk, tape that sticks, greasy ointment, and other contraptions. Get rid of corns the easy way, quick, simple, sure, new way. That's common sense. Try "Gets-It" also for warts and bunions. "Gets-It" can't hurt—the corn loosens, and comes right off—clean off.

"Gets-It" is sold at all drug stores, 75c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Hopkinsville and recommended as the world's best corn remedy by L. L. Elgin and J. O. Cook.

Will You Read This Twice?

A very important question to-day which every housekeeper must decide for herself is whether she prefers pure, cream of tartar baking powder like Royal or whether she is willing to use baking powder made of inferior substitutes which do not add healthful qualities to the food.

One kind is easily distinguished from the other, since the laws of various States require the ingredients to be printed upon the label. If anyone is in doubt which kind is most healthful, it is worth while to ask the family doctor. Then decide.

And when once a decision is reached let no advertisement or dealer's argument or canvasser's solicitation change the decision. It is not a question of a few cents or of pleasing a salesman. It is a question of health.

If this appeals to you as reasonable and sensible advice, it is worth reading twice. And it is worth remembering.

MISS HUNT LEAVES

And Mrs. Marion Sager Begins Work as Nurse.

Miss Helen Hunt, who organized Christiana county for the employment of a permanent nurse with special attention to tuberculosis cases, has gone to Caldwell county, where she will undertake a similar work. Miss Hunt made many friends while here and proved herself to be most efficient in the important work entrusted to her.

The county nurse who has been employed under a yearly contract is Mrs. Marion Sager, who is ready arrived from Pikeville, Ky., and entered upon her duties. Sager comes well recommended.

Stephensport Wiped Out.

Cloverport, Ky., Nov. 10.—The most disastrous fire that has ever occurred at Stephensport, Ky., set that town Sunday. With the exception of one building, the entire business block was burned out. The fire started in an old tobacco factory and rapidly spread to other buildings.

The loss is estimated at \$5,000, with but little insurance. The origin of the fire is unknown.

ANALYSIS

Of Vote Shows Stanley Got
40,000 Less Than Were
Cast in Primary.

(Theo. B. Cromwell in Cincinnati Enquirer.)

An analysis of the vote will show that Stanley received approximately 40,000 less than the total democratic vote at the primary and that Morrow received approximately 80,000 more than the total republican vote at the primary. Stanley's primary vote was 107,585, while that cast for Messrs. Harry V. McChesney, Edward J. McDermott and Henry M. Bosworth aggregated 98,786, making a total of 206,371. The republican vote at the primary was 77,482, Morrow receiving 68,645 and Latt McLaughlin 8,337.

Without many of those 40,000 democrats remained at home, but the returns show that others of them voted for Morrow, and they were influenced to do so through dissatisfaction growing out of the action at the convention and through representation that had been made to them by state-wide prohibition advocates and agitators.

Many of the Stanley followers are charging that General Percy Hay worked quietly in conjunction with Dr. Norman A. Palmer, of the Anti-Slavery League, and that Sam Shackelford, upon whom Stanley had made open war before the primary, set in his works against the man from Henderson. The returns from the Fifth District disclose no activity on the part of former Chairman Vansant in behalf of Stanley, while his fall-down in the Second Congressional District, especially at Owensboro, is being charged to Urey Woodson.

That the republican managers were aware of what was going on in the democratic ranks and that the democratic managers were not alive to the quiet dropping of poison among their own people is now very plain. The republican managers charged that there was apathy and disaffection in the democratic ranks, and the democratic managers replied that there was none.

The democratic headquarters force was supremely confident of victory by a wide margin until last Sunday, when after hearing statements of those who had been on the democratic special train the previous four days, they awakened to a realization that the situation was not exactly right in the First Congressional District, worse in the Second, still worse in the Third and really alarming in the Fourth. Monday it was found that the republicans were plentifully supplied with money, and the situation appeared to be decidedly equal.

Aside from the speeches made by Senator J. C. W. Beckham and the very earnest, whole-hearted effort on the part of Harry McChesney in behalf of the ticket, the democrats had little assistance from the leaders of the McChesney and the McDermott camps. McDermott people in Owensboro and the Fourth District are accused by the Stanley leaders with having openly fought him.

"The people of Kentucky," said Peeler Lee Atherton, of Louisville, who was one of those who advised that the skids be put under State Chairman R. H. Vansant at the Louisville convention, "have shown us that they will resent the removal of a man from office, no matter how small the office. I actually believe they would raise a row if the job of fish catcher on a yellow dog were taken away from some fellow."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
